Internship: Project Manager (M/F - German speaker)
Paris, France
Intern
Department: Operations
Job Function: Project Management

Company Description
- **Starting from:** End of September 2022
- **Duration:** 6 months
- **Languages:** German & English
- **A permanent position may be offered after the internship (depending on performance)**

Location:
- Rotterdam, possibility to work from Düsseldorf or Paris offices, to be discussed
- **Working remotely is possible** (between 2 to 3 days), to be discussed with the manager

Are you an **ambitious person**? Are you willing to push yourself beyond your limits? Do you have an **international profile**?

If so, **Shippeo is exactly what you are looking for! 🎉**

Why?
- Having already raised €71 million in funding, Shippeo is growing rapidly. The team has **more than tripled** in size to 200 within 2020 and 2021 and the scaling is continuing throughout 2022. ✈️
- Our team of Shippians comprises **27 different nationalities**, speaking a total of 29 languages. 🌍

More about us:
Founded in 2014, Shippeo is a French SaaS company leading the European market in helping shippers and logistics companies track their freight shipments in real-time to improve visibility throughout their end-to-end supply chains.

Relied on by global brands including Carrefour, Total, Schneider Electric, Faurecia, ThyssenKrupp, Albert Heijn, Akzo Nobel, Coca Cola, Shippeo’s platform helps customers track more than 10 million shipments per year across 70 countries.

Job Description

As a Project Manager Intern and under the responsibility of your tutor, you will be in charge of the deployment of the solution toward a portfolio of client.

Your responsibilities will include:

- Support in the implementation of Shippeo toward Customers
- Organization, coordination and follow-up on the actions taken with clients or Shippeo’s internal teams
- Specification of customer’s needs related to the platform and regular communication with Shippeo’s Product team in order to ensure the good progress of developments
- Regular attendance to Steering Committees with Customers to share deployment progress (on or off premises)
- Participation in Shippeo’s Project Management Continuous Improvement program

Qualifications

- You are in your last year of Master Degree
- You are autonomous in your work and can multitask
- You have good analytical skills and you can handle daily requests from clients
- You have good interpersonal skills
- You are rigorous, structured and concise
- You have good communication skills (written as well as spoken)
- You are fluent in German and English (a third European language is a +)
- You are ambitious, a leader and ready to take responsibilities in a start-up ready to revolutionize a whole sector

Additional Information

🏆 We have 4 values at Shippeo that are embodied by each Shippian:

- Ambition – Do not give up any challenge for Shippeo to become a global leader
- Commitment – To be demanding in order to achieve exceptional customer satisfaction
• Team Spirit – Foster teamwork with respect in a relaxed atmosphere
• Simplicity – Stay simple in our behavior and solutions
